at Yaxley

Travel Health Medication - Information for Patients

- Please complete the Travel Health questionnaire below and return it to the Practice, your notes will be analysed by one of our qualified Nurses, who are trained in travel health management.
- Most vaccinations are best given **6 weeks** prior to travel, if you have less time than this before you travel, we will aim to give you the necessary vaccinations. We require at least **4 weeks** before you travel otherwise you will have to attend one of the private travel clinics listed below (*please note charges will apply and they vary depending on provider*):-

City Doc Peterborough 63-65 Mayor's Walk West Town Peterborough PE2 6EX	Call 0203 733 5696 or book online at citydoc.org.uk
Boots Queensgate Peterborough	Call 01733 312211 or online www.boots.com/Travel-Vaccines-Clinic
The Cambridge Travel Clinic 41 Hills Road Cambridge CB2 1NT	Call 0330 100 4127
For European travel please visit website www.fitfortravel.nhs.uk for vaccination advice.	

- Some vaccinations cannot be given on the same day as others if they are 'live' vaccines; this may mean that two or more visits to the Health Centre are required.
- Some vaccinations have a charge, because the NHS does not fund them. These include:

Hepatitis B for travel (Course of 3)	£135.00
Hepatitis B Booster	£ 52.00
Yellow Fever (1 dose) + certificate	£ 80.00
Meningitis ACWY (1 dose) + letter	£ 55.00
Rabies (Course of 3)	£ 195.00

- Payment will be expected in full on the day of vaccination.
- Malaria medication may be required for certain destinations. The Nurse will inform you if you need to do this. This is prescribed on a Private prescription, and the cost will vary depending on which medication you are prescribed and for how long. Please book a telephone consultation with our prescribing pharmacist within the surgery to receive this if required. When you speak to the prescribing pharmacist, you need to know exactly where you are going and for how long. If your travel plans are complex (going in and out of Malaria prone areas) then the prescribing pharmacist may need to see an itinerary.
- Japanese B Encephalitis is not given at this Health Centre, if you require this you will have to go to one of the private Travel Clinics. A charge will be made.
- If you have any further queries please speak to a member of the Reception Team.

'A Caring Partnership For Life'

The Health Centre, Landsdowne Road, Yaxley, Peterborough, PE7 3JL – 01733 240478
